

# Interactive | Immersive

## 3DIM

# hungexpo

proposal <https://3dim.hu/information>

3DIM has been engaged in building marketing for 10 years, focusing on virtual tours from the start.

In every case, we seek the best user experience, so that anyone who can only visit a location online can feel closest to it through the virtual tour.

## **FUTURE-ORIENTED SOLUTIONS**

The technology is not unique to Hungary, but the way it is used, the supplementary services, and the experience are, and we take pride in that.

# Basic Services

- **RESPONSIVE INTERFACE**  
the virtual tour provides a perfect experience on mobile, tablet, and personal computers as well
- **NON-STOP APPEARANCE**  
the virtual tour is available and usable 24/7
- **INFO POINTS**  
the information points will be placed in the virtual tour according to the client's requirements
- **2D PHOTOS FROM THE VIRTUAL TOUR**  
we can export perfectly high-resolution photos from the walkthrough
- **3D MASH**  
a real experience while moving in virtual space
